I get to learn about the Malaysian culture while helping at assessment and event duties, as well as getting to interact with the locals. I’m thankful for the kindness and warmth gestures shown towards me. It’s true that I was halfway across the world in a different continent, but I felt right at home.”

### MERIEM MZOUGHJI, TUNISIA

“Being an intern at GHCA was one of the best decisions that I’ve made in my life! With GHCA, I discovered the real side of Malaysia where people are nice, helpful, and caring. GHCA welcomed me like a family and helped me grow into a better person. During this enriching journey, I learned a different way of volunteering, going for assessments and groceries shopping with underprivileged families. I want to thank all the GHCA members for always helping and supporting me. I’m certainly going to miss my time in Malaysia but I will always keep good memories of it.”

The team at GHCA were very sweet and gave me the feeling of working with some people whom I have known for years. Thanks for making me feel that comfortable. I learnt some teamwork and leadership qualities from my work experiences here. I believe those lessons will stay with me as a guide-note to my professional endeavours in the future. *"It was a great opportunity for me to get back to the ground, visiting PPR residents for the Shopping Buddy program. It still pains me to learn the hardship that these families go through in life. It made me realise that I'm not doing enough for the community that's so close to me! I strive to build a Malaysian spirit charity platform so that we can empower people from all races. I envisioned a team that look beyond our differences by uniting our strength as one. As what Mother Theresa said, it's not how much we give but how much love we put into giving. I believe with our kindness, it will bring happiness and harmony to the society."*
