CONTENTS

WHAT IS EARTH WARRIORS DAY (EWD) 2022

Earth Warriors Day (EWD) is a biennial environment awareness mass street clean-up project held concurrently at various locations within the same campaign period with the goal to safeguard the cleanliness of our environment.

Parties involved: mass public, local communities, schools, local municipal councils.

our HISTORY

**GREAT
HEART**
CHARITY ASSOCIATION 耕心苑善
PERSATUAN KASIH SEJATI

*Earth Warriors
Project 2014 - 2020*

**EARTH
WARRIORS**
ASSOCIATION 地球战士协会

(PPM-020-10-02072020)

2020 - present

Started off by sister NGO Great Heart Charity Association as the Earth Warriors Project, monthly small scale street clean up activities at various public parks and streets across Malaysia were held with the aim to inspire more people to keep our environment clean with the continuous effort from the public volunteer community.

Earth Warriors Day (EWD), an extension to the Earth Warriors Project, consisted of a biennial mass street clean-up campaign. With the formal registration of Earth Warriors Association in 2020, the organisation formally takes over the role as organiser for the Earth Warriors Day 2022.

♥ EARTH WARRIORS ♥ DAY 2019 HIGHLIGHTS

- 🌿 Clean-up locations: 65 locations simultaneously across several countries.
- 🌿 International locations: Australia, New Zealand, Cambodia, Indonesia, Tunisia.
- 🌿 More than 2,100 volunteers participate from various agency, sponsors, corporate bodies, student groups.
- 🌿 Total weight of rubbish collected: 7.5 tonnes.

WHO'S INVOLVED

LET'S DO IT TOGETHER!

EWD 2022 will be held in conjunction with the Malaysia National Day month, with a series of concurrent mass-street clean-up and plogging activities being run across public parks and streets at multiple locations, targeting 5,000 participants to help clean up 5,000kg rubbish.

Who's INVOLVED?

- Mass public
- Local communities
- Schools
- Local municipal councils
- **YOU! Start a change in your own circle** (*friends, school, neighbourhood, office, company, community*)

JOIN US!

WHEN IS EWD2022?

Campaign Period:

**1 September 2022 until
18 September 2022**

Duration:

1 hour

We welcome any volunteers/teams from both within Malaysia or overseas to join us in this green initiative! Organise your own clean up session for a duration of 1 hour on any day within the campaign period.

WHERE TO DO IT?

Assign Clean-Up Location

Suggestions:

- Neighbourhood Area (roads, playgrounds, drains, and housing areas).
- Public Area (schools, mosque/ temples, parks, beaches, bus stands).

IMPORTANT:

Before any cleaning activity commences, make sure you:

- Have obtained permission from the relevant authorities for the area that you intend to carry out the clean-up, if applicable.
- Adhere to the SOP in place to curb the spread of COVID-19.
- Ensure all activities carried out do not interrupt traffic or public safety.

EARTH WARRIORS DAY 2022 FLOW STRUCTURE

1

REGISTER to conduct your very own self-organised clean up session at bit.ly/EarthWarriorsDay2022

2

Fill up the pre registration form with details e.g. selected location and date for your clean-up activity. The activity must be conducted within the period of **1 Sep 2022 - 18 Sep 2022.**

4

Post Activity:

- Record your **waste data**
- Post photos of your activity and tag us at your Facebook or Instagram with hashtag **#EarthWarriorsDay2022** **@earthwarriorsassociation** and keep your posting url link for the next step.

3

During Activity:

Take photos of the location **before and after** your clean-up activity as well as **1 group photo** with the rubbish collected.

5

Post Activity:

Fill up [post clean up submission form](#) (waste data, name list, social media url)

6

Done! Wait to receive your e-cert of participation upon successful submission of all required information on your clean-up session.

HOW TO DO IT?

• Before Cleaning •

Fill up the EWD2022 registration form for Earth Warriors Day on bit.ly/EarthWarriorsDay2022 at Organise Your Own Session link.

Identify your intended clean-up route and rubbish disposal place.

Make sure the clean-up area is not exposed to hazards or any danger to participants.

Prepare cleaning equipment
*Garbage Bag size S/M/L/XL, Hand Glove, Weighing Scale (optional) & Rubbish Clamp (optional).

Recruit participants and distribute tasks
**if you do the clean up in a group.*

HOW TO DO IT?

• During Cleaning •

Emphasize on the safety aspects during the clean-up activity

- Wear appropriate clothing and have proper equipment
- Type of rubbish that can be collected. Eg: **Papers/ Cardboard, Plastics, Metal/Aluminium Cans, general waste.**
- *Beware of:* Broken glass, biohazard trash (*clinical waste, chemicals, dead animals*)
- *Avoid:* Bulky waste (*furniture, tyre*)

If you wish to perform waste segregation, please segregate the rubbish collected to

- Type of rubbish
- Size of rubbish bags used (S, M, L, XL).

Take photos of before, during, and after the clean-up activity session.

HOW TO DO IT?

• After Cleaning •

1

Calculate rubbish count.

- If you have a weighing scale, weigh the weight of rubbish collected during the clean-up activity.
- Without weighing scale. Take note of the *number of bags* of rubbish collected and the *size of the rubbish bag* used. If you are doing waste segregation, you may perform this step for each of the respective type of segregated waste.

2

Dispose off the rubbish at designated waste disposal place (Roro bin by local municipal)

**send to nearest recycling centre if you perform waste segregation.*

3

Clean and sanitise yourself and cleaning of the equipment used.

4

Report the weight/number of bags of rubbish collected in the Post Clean-Up Submission Form [bit.ly/postcleanupform] not later than 19th Sep 2022. Do not forget to share on your social media too.

HOW TO DO IT?

• Waste Disposal Method •

If you do not segregate your waste:

- Dispose rubbish collected at proper rubbish disposal place.
- Put it in the RORO bin provided by the municipality or any proper RORO bin for rubbish disposal.

If you segregated your waste by recyclable category:

- Sort and wash the recyclable items if they are dirty, if possible
- Send the recyclable items to the recycle center, if possible.

WASTE DATA COLLECTION

Done with rubbish collection? Great job! You are almost there!
Don't forget to record your waste data at
['Post Clean Up Submission' form](#).

If you have a weighing scale, weight all the rubbish collected and record in the **'post clean up submission form'**
[Eg: xx KG]

If you do not have a weighing scale, follow these guidelines for the unit count process:

CALCULATE AND RECORD:

a Type of waste

Plastic

Paper

Metal

*General Waste (other)

**If you did not do waste segregation: SKIP this step*

b The QUANTITY of rubbish bags

(1,2,3.....)

c The SIZE of rubbish bags

(Eg: Plastic 2M, General Waste 3L)

SHARING ON SOCIAL MEDIA
